

Help protect women and children for future generations by leaving a gift in your will or making a donation in memory of someone.

We have been providing refuge accommodation and specialist services for women and children living with, fleeing or recovering from the impact of domestic and sexual violence since 1976. As a grass roots, charitable organisation we aim to support and empower women and children to lead safer, more independent lives, free from violence and abuse.

We will continue to provide our life changing services until women and children are safe.

We know that your first priority when making a will is to provide for your family and loved ones, however many people find that they can also leave something to the charities that they are passionate about. Leaving a gift in your will to Staffordshire Women's Aid is one of the most valuable and lasting ways you can make a difference to local women and children experiencing or fleeing domestic and sexual violence. You might also want to make a donation in memory of a loved one who is no longer with us.

“

As a feminist who was around when Staffordshire Women's Aid was set up in the 1970s, I wanted to continue to be part of the work of the organisation by leaving a legacy. By doing this, I feel a piece of me will live on in the work of the charity.
